Polio Health and Wellness Retreat Body / Mind / Spirit

Presenters

(in order of presentation)

Thursday 18 April

Welcome

Dr John Tierney OAM
 President and
 National Patron
 Polio Australia

From 1991 to 2005 John Tierney gave 14 years of distinguished service to the Australian Parliament, where he served as Senator for NSW. During his time in Parliament, he was a Parliamentary Secretary to the Deputy Leader in the Senate and Shadow Parliamentary Secretary for Communications, Information Technology and the Arts. John also chaired a number of Senate Standing and Select Committees over a range of portfolio areas, with a particular focus on education, employment, industrial relations, communications, information technology, health and welfare issues. John has taken a passionate interest in the area of disability, having contracted polio at birth, and was a special parliamentary adviser to the Minister for Community Services on disability matters from 1998 to 2001.

In 2005 John became a Partner at Government Relations Australia Advisory, a position he retired from in 2011. However, he found it hard to completely retire and is now working part-time as Special Counsel at 1st State Government and Corporate Relations. John provides strategic advice on government matters to corporate clients across a wide range of industries at both a federal and state level in NSW. Additionally, he has undertaken pro bono advisory work for Lifeline Australia, Polio Australia and the Australian Association for the Education of the Gifted and Talented.

In the 2012 Australia Day Awards John was awarded a Medal of the Order of Australia (OAM): For service to the Parliament of Australia, to education, and to the community.

John was elected President of Polio Australia at the 2012 Annual General Meeting. In addition, John continues as Polio Australia's National Patron.

	<p>Welcome <i>and</i> Early Polio Memories <i>and</i> Cryptic Crosswords</p>	<p>Gillian Thomas Vice President Polio Australia Ph: 02 9663 2402 gillian@polioaustralia.org.au</p>	<p>For over 25 years I have worked for Polio NSW on a voluntary basis. I was a member of the original Working Party set up in 1988 to establish the Network, was subsequently elected as Secretary, and in 1997 became the Network's President.</p> <p>From 1989 until 2012 I have also been the Editor of the Network's highly regarded quarterly newsletter <i>Network News</i>. In 2002 I was honoured to receive an inaugural <i>David Bodian Memorial Award</i> from the International Post-Polio Task Force in recognition of my work for polio survivors, while in 2004 I was invited to serve on Post-Polio Health International's <i>Consumer Advisory Committee</i>. In January 2009 I was delighted to be awarded an <i>Australia Day Community Service Award</i> from Randwick Council for my outstanding service to polio survivors and the community. I passionately believe in the need for a national voice for polio survivors and my efforts culminated in the highly successful meeting of all Australian State Polio Networks in May 2007 and the unanimous agreement to form Polio Australia. Polio Australia is now a reality and in 2008 I was elected its inaugural President.</p> <p>In accordance with Polio Australia's Constitution, I stepped down from the role of President at the 2012 AGM and now serve as Vice President.</p>
	<p>Guest Speaker</p>	<p>The Hon Steve Georganas Labor Member for Hindmarsh</p>	<p>Steven "Steve" Georganas, Australian politician, is the Australian Labor Party representative for the House of Representatives seat of Hindmarsh in South Australia since the 2004 federal election.</p> <p>Steve was also the Chair for the House of Representatives Standing Committee on Health and Ageing when a Roundtable Discussion was held into the Late Effects of Polio/Post-Polio Syndrome in March 2012.</p>
	<p>Program Overview and Announcements <i>and</i> Guided Deep Relaxation <i>and</i> Choir</p>	<p>Mary-ann Liethof National Program Manager Polio Australia Ph: 03 9016 7678 mary-ann@polioaustralia.org.au</p>	<p>I worked as the Coordinator of Polio Network Victoria from 2004 to 2009, which included being one of the Victorian representatives on Management Committee for Polio Australia. I was officially appointed as Polio Australia's National Program Manager in early January 2010 on a part time basis, which increased to full time in January 2011 thanks to a three year grant from The Balnaves Foundation.</p> <p>In 2008, I visited 10 post-polio related services across North America on a Churchill Fellowship Study Tour grant, the purpose of which was "<i>To identify techniques to better manage the late effects of polio</i>". In 2009, I travelled to Roosevelt Warm Springs in Georgia, USA for Post-Polio Health International's 10th International Conference: <i>Living with Polio in the 21st Century</i> and Wellness Retreat to learn the benefits of the holistic chronic condition self-management model. With this experience, I was able to put together Polio Australia's first Late Effects of Polio Self Management Residential Program (also known as a Polio Health and Wellness Retreat) in April 2010 in Sydney, and the second in Victoria in 2011. In September 2011, I gave a presentation on these Retreats at the European Post Polio Conference in Copenhagen, where there was considerable interest expressed in this Program.</p>

	<p>The Polio Body <i>and</i> Falls and Balance Concerns <i>and</i> Physio Consultations</p>	<p>Ann D Buchan APA Titled Neurophysiotherapist c/o Unley Physiotherapy 160 Unley Rd Unley, 5061, SA Ph: 08 8373 2132</p>	<p>Ann Buchan trained in Melbourne then followed many years of Australian and overseas training and experience in Neurological and neuromuscular issues. She has been a tutor, educator and mentor for physiotherapy students and graduates. (She received the top clinical prize as an undergraduate.)</p> <p>In 2004, she qualified as the first titled Neurophysiotherapist in Australia, with involvement in a wide range of statewide community and educational activities, including workshops, clinical research, media production and palliative care.</p> <p>Ann feels strongly that people with Neuromuscular and Neurological conditions not only need to get the best out of their disability, but the best possible learning and caring environment is needed for that to occur.</p> <p>She has always had a special interest in long term disabilities – especially post-polio issues – and works in private practice at Unley Physiotherapy and at Aldgate Seniors on falls prevention.</p> <p>She helped set up the first Polio Clinic in South Australia and assisted with editing polio information handbooks. In addition she began the first hydrotherapy group for people with Muscular Dystrophy and recently started a singing group for people with Neurological and voice production issues.</p> <p>When her children were growing up there was no opportunity to do a Master's Degree – she believes she has put the "Masters" energy and study into patient care and education.</p> <p>Ann believes that physical, emotional, social, mental and spiritual aspects must all be considered in treatment and a balance is needed between the art and science of Physiotherapy.</p>

With a keen interest in custom orthoses and advanced management practice, he has applied this knowledge to clinics in both the northern and southern areas of South Australia.</p>

	<p>ChiBall</p>	<p>Judy McKenzie ChiBall Instructor Ph: 0414 781 942 nanaju@bigpond.com www.chiball.com</p>	<p>As Master Trainer for Older Adults for the ChiBall programme, Judy has been deeply committed and involved in the modifications required to make the benefits of ChiBall available to a wider population. She has witnessed the benefits, both physical and personal, for participants with a wide range of special considerations, including those requiring standing and seated support.</p> <p>A 'retired' High School educator, with a lifetime love of music and movement, Judy now has credentials and experience within the Fitness Industry which has been acknowledged at a National Level, presenting the Gentle Moves program to the Filex Convention and Exhibition in 2011. As a Registered Group Fitness Instructor and Pilates Instructor, Judy has also seen the value of undertaking Courses including Tai Chi, Chi Kung, Flow Yoga, Falls and Balance and Heart Moves. Judy works 1-1, with small groups, and also with Community based classes. One of her Community classes, supported by Resthaven Therapy Services, has now been linked to the newly launched Gtrak (Geriatric Training) for 5th Year medical students from the University of Adelaide.</p> <p>Judy's aim, indeed her passion, is to have her participants experience not only functional improvement, but also the joy to be found in gentle, flowing and graceful movement to music with the ChiBall.</p>
	<p>Partnering Polio</p>	<p>Graeme Smith Spouse/Partner/Carer joansgra@bigpond.com</p>	<p>As the husband of a polio survivor, I have learned about a whole new part of my wife's childhood. I have also learned to share and partly understand her current issues dealing with post-polio and very recently, cancer. Being a carer created many new issues for me. I found that sharing with others who understand can be very helpful.</p> <p>Through my membership of our polio support group I have been able to meet with other partners of polio survivors and talk about our experiences and challenges. It has also given me the opportunity to gain more information about the condition and how I might be able to help, for example, by modifying our lifestyle and living arrangements. Sharing with trusted friends can also allow a good measure of humour to ease the way.</p>
 	<p>Respiratory Issues for Polio Survivors</p>	<p>Feng Tam Practice Principal and Respiratory Physiotherapist and Frances Hardy Respiratory Physiotherapist Respiratory PhysiO2 Ph: (08) 83643706 www.respiratoryphysio.com.au</p>	<p>Feng Tam: I immigrated to Australia as a teenager from Beijing, China in 1985 and graduated from the University of South Australia in 1992 with a Bachelor of Applied Science in Physiotherapy degree.</p> <p>I then had many years of hard but enjoyable working at the Repatriation General Hospital and in 6 private hospitals across Adelaide where I gained valuable experience in intensive care, cardiac rehabilitation, pulmonary rehabilitation and chest physiotherapy.</p> <p>Cardio-respiratory physiotherapy has been my passion ever since I was in university and so to further my career I completed a Postgraduate Certificate in Cardio-respiratory Physiotherapy in 1997 at the University of South Australia. I followed this up with a Cardiac Rehabilitation course in Brisbane and a Pulmonary Rehabilitation course in Perth.</p>

			<p>After many years working in the private cardiorespiratory physiotherapy sector, including three years as part owner of Lifespan Physiotherapy Rooms Pty Ltd, I began a new practice - Respiratory PhysiO2 at Hazelwood Park in August, 2010. In May 2011 the practice expanded with a second branch at Morphet Vale.</p> <p>Frances Hardy graduated from the South Australian Institute of Technology in 1974. After several years of full-time general practice, followed by fourteen years of part-time work in women's health, she began teaching at the University of South Australia, specializing in cardiorespiratory physiotherapy.</p> <p>Frances worked as a clinical educator at the Queen Elizabeth Hospital for two years and then at the Royal Adelaide Hospital for nine years.</p> <p>She was promoted to Senior Lecturer in 2000 and was the Program Director at UniSA from 1999 to 2002 and again from 2009-2011.</p> <p>Frances completed a Masters in Physiotherapy by Coursework in 1995 and a Masters in Physiotherapy by Research in 2005. Her research topic was the effect of diaphragm movement on the regional distribution of lung ventilation. Frances has been an active member of the Australian Physiotherapy Association since 1974 holding both state and national committee positions.</p> <p>She is also a reviewer for the Australian Physiotherapy Council and continues to teach at both the University of South Australia and Flinders University. Her teaching involves clinical supervision of students as well as curriculum development and face to face teaching in the areas of exercise physiology and cardiorespiratory physiotherapy.</p>

He is also a Member Australian Traditional Medicine Society.</p> <p>Rob uses the benefits of Herbal Medicine for: Nutritional Support, Hormone Balance, Organ System Support, Inflammation Control, Immune Boost and Support, and Emotional Balance. He also incorporates Iridology as an accurate, ancient and dependable diagnostic technique – a virtual roadmap - for providing insight into the inner health and hidden causation(s) of problems and imbalances within the body.</p>
	<p>Understanding Aged Care in South Australia</p>	<p>Lyndal Gerrard Team Leader Access2Home Care Ph: 1300 130 551 access2homecare@dfc.sa.gov.au</p>	<p>Lyndal Gerrard managed the operational development and roll out of SA's central access point for aged care services across the Adelaide metropolitan area. Having worked within Intake since 2004, Lyndal has a wide knowledge of the services available for older people and how to access them. Lyndal is an Occupational Therapist and has worked in a variety of settings, including palliative, manual handling, service coordination, rehabilitation and mental health.</p>

	<p>Safe Swallowing</p>	<p>Natasha Glynn Speech Pathologist Queen Elizabeth Hospital Ph: 08 8222 6000 www.tqeh.sa.gov.au</p>	<p>Working as an adult speech pathologist for the past 5 years, I have worked in a range of acute and rehabilitation settings across Adelaide. The diversity of these settings has provided an exposure to a range of different neurological populations and swallowing disorders. Areas of interest include ageing populations and neurological diseases such as stroke, motor neuron disease and Parkinson's disease.</p>
	<p>"The Sessions" Movie - 95 Minutes</p>	<p>"The Sessions" is based on the poignantly optimistic autobiographical writings of California-based journalist and poet Mark O'Brien, <i>The Sessions</i> tells the story of a man confined to an iron lung who is determined - at age 38 - to lose his virginity. With the help of his therapists and the guidance of his priest, he sets out to make his dream a reality.</p>	

	<p>The Healthy Mind Neuroplasticity and Feldenkrais</p>	<p>Susan Hillier Feldenkrais Practitioner and Associate Professor, Neuroscience and Rehabilitation University of South Australia susan.hillier@adelaide.edu.au</p>	<p>Dr Susan Hillier is a Feldenkrais Practitioner part time and also an academic, teaching and researching in the area of neuroscience. She is interested in the way people learn and how they change the way they function in the world - particularly after a neurological event.</p> <p>Neuroplasticity is the buzz word in neuroscience – it means the brain (and nervous system) is capable of change. It underpins the way we learn, the way we recover from brain trauma and it can also underpin less desirable processes like chronic pain. Her Plenary presentation will discuss some of the influences on neuroplasticity of the brain and the future for research and practice in this area.</p>
	<p>Seated Yoga</p>	<p>Maria Merlino Hatha yoga teacher Ph: 0411384486 mariamerlino@live.com.au</p>	<p>I started yoga 15 years ago and obtained a teaching diploma, then holistic yoga teacher training in 2008 with Yoga Spirits Studio. I have practiced many styles of yoga with seniors (chair yoga), MS Society, gentle yoga and wellbeing for everyone. Feeling deeply the benefits that a regular yoga practice has brought to my life, with awareness and understanding of the whole body mind, heart and spirit.</p> <p>Yoga is a wonderful way for people to experience better breathing techniques, gentle movement of nearly every muscle in your body from head to toes, and complete mind and body relaxation. The increased awareness that yoga develops in us can be applied to all aspects of life, then it becomes wisdom and a means of inner guidance. Yoga draws the body mind and spirit into greater harmony providing a deep sense of contentment and wellbeing within the body mind and soul.</p>
	<p>Mindfulness</p>	<p>Georgie Davidson B.App.Sc. She is passionate about bringing a holistic approach to health care and helping people find new ways to respond to their life situation that are physically and psychologically healing, compassionate, wise and connecting. Georgie lives in a rural setting in the Adelaide hills with her husband and two daughters where she loves to write, paint and spend time in nature.</p>
	<p>Hydrotherapy</p>	<p>Lee O'Connell Physiotherapist MS Society Ph: 08 8360 0800 www.ms.asn.au</p>	<p>Lee O'Connell is a physiotherapist with over 35 years' experience in a wide variety of settings both locally and overseas including hospital, private practice, university, rehabilitation and community environments.</p> <p>For the last 15 years her special interest has been in aquatic physiotherapy and in 2012 she completed an Aquatic 3 Course through the Australian Physiotherapy Association.</p> <p>She has been employed by the Multiple Sclerosis Society of SA and NT since 2001, conducting hydrotherapy sessions for people with MS and other physical and neurological conditions including running hydrotherapy classes for Polio SA for the last 5 years.</p>

			<p>Lee firmly believes in using the unique properties of water to enhance peoples' physical and social functioning and, as a Masters Swimmer, also sees the fitness and psychological benefits of encouraging people, despite their disability, to be able to achieve some form of swimming ability.</p>
	<p>Finding Your Story and Card Making</p>	<p>Joan Smith Convener, Knox-Yarra Ranges Post-Polio Support Group, Victoria joansgra@bigpond.com</p>	<p>As a polio survivor I have been committed to advocating for the rights and dignity of people with disabilities. That was a strong focus for me as Principal of a school for children with severe to profound disabilities.</p> <p>After early retirement, due to post-polio syndrome, I embarked on writing my life story for my grandchildren. That developed into the further project of producing and publishing "The Calliper Kids" – a book detailing life stories of eleven polio survivors living in our area. The book has proved a useful tool in educating our medical practitioners, aged-care providers and wider communities across the State. The outcomes of the project have also been very powerful for our story tellers. I continue in the role as Convenor of the Knox-Yarra Ranges Polio Support Group, where we continually receive and share very positive feedback about our stories.</p>
 	<p>Exploring Your Inner Child Through Art and Music</p>	<p>Nola Stewart and Kat Panourgias</p>	<p>Nola: I've always found that art has been the thing that has helped me through my polio 'ups and downs' and have realised that this is something I can use to help others to express themselves. I recently completed a Diploma of Visual Arts, which has provided me with an exciting new avenue for self-expression.</p> <p>Kat: I met Nola several years ago while we were both enrolled at TAFE doing our Visual Arts Diploma. We became friends instantly. Although I haven't had polio, I believe that self-expression through the mediums of art can provide an opportunity to discover a sense of meaning and purpose through a lived experience.</p>
	<p>Fantasy Garden</p>	<p>Andrew Ward President South Australian Bonsai Society Ph: 0403 883 269 www.bonsaisa.org.au</p>	<p>Andrew Ward was a teacher of young people with disabilities from 1996 - 2007. Since 2007 he has transitioned to mainstream high school teaching. Andrew has been passionate about gardening in all forms since his earliest memories. At one stage he worked part time in Woolworths Gardening Department in the early 80s where, amongst other things, he created many terrariums for customers.</p> <p>Andrew has travelled widely, including China in 2006 where he was able to experience Penjing first-hand He has travelled to Bonsai Nurseries, exhibits and Private Collections throughout Australia where he has presented bonsai and gardening concepts to a broad audience.</p>
	<p>Singing Is Good For Your Health</p>	<p>Doris Henderson Singing Leader</p>	<p>Doris Henderson has been involved with music and singing all her life - coming from a musical family - she believes the joy of music is 'inbuilt' and she enjoys teaching and playing piano and guitar and also sings with several groups. Doris is the coordinator for JUST FOR FUN, a singing group of some 35 members who meet every Thursday night.</p>

			<p>The Aged Care Group ACH approached Doris last year about leading a weekly singing session for some of their clients who were being cared for in their own homes and therefore missing out on the benefit of residential care activity programs. After a year the numbers have grown from 5 to around 20 members.</p> <p>Doris feels strongly about the ideas that some people have – those who may have been told as a child that they “<i>can’t sing</i>” and were therefore not allowed to sing in their school choir - holding on to that judgment and never having given themselves the chance to experience the joy of singing, and its benefit to their health and wellbeing! A mixture of well-known sing-a-long songs will be the order of the day, including a few rounds to provide a challenge and some fun too!</p>
	<p>The Art of Winemaking and Beer Brewing</p>	<p>Jane Boroky, Justin Johansson, Edda Johansson, Michael Lineage, Nathan Otto, and John Samuel Amateur Winemakers and Brewers Club of Adelaide www.adelaideferment.org.au</p>	<p>Our members have a wealth of knowledge and home brewing experience. The club strives for the following objectives:</p> <ul style="list-style-type: none"> • To maintain the traditions of amateur winemaking and brewing. • To discuss methods and exchange ideas for the mutual improvement of amateur wines and beers. • To assist beginners in the art. • To foster good fellowship amongst winemakers, brewers and the lovers of wine and beer.
		<p>Simon Skinner Magician Aces Magic Entertainment Ph: (08) 8264 4491 / 0410 762 500 info@acesmagic.com.au www.acesmagic.com.au</p>	<p>Popular Adelaide Magician Simon Skinner is a full-time professional entertainer who performs for all age audiences at any event.</p> <p>Simon performs magic interlaced with comedy in a relaxed style. He performs amazing magic using playing cards, coins, sponge balls, silks and borrowed objects including finger rings and banknotes. Simon can make borrowed finger rings vanish into thin air and re-appear in impossible places! Card magic including signed playing cards will also astound. He demonstrates mind-reading and predictive abilities which baffle his audiences. As Simon weaves his magic through the crowd at any event he leaves a trail of wonder and astonishment.</p>

	<p>The Gift of the Holy Spirit, The Comforter - Strengthening Us in Our Daily Life</p>	<p>Bishop Bruce Rosier (Ret)</p>	<p>I was born in 1928 and grew up in Western Australia, studied physical sciences at the University of WA, and theology in England where I was ordained in 1954.</p> <p>My life was greatly enriched by marriage with Faith in 1954 that same year. Faith was lovely, gentle, good and wise with a wry sense of humour. We have four children and six grand-children who all owe so much to Faith's nurture and support. Faith helped me in so many ways to be a more rounded person, and I miss her deeply since her death 6 years ago.</p> <p>I worked as a deacon and priest in Sheffield, then in rural WA and as a bishop in WA and in northern SA, and as a parish priest in Adelaide until retiring from active ministry in 1994.</p>
	<p>Practical Wisdom</p>	<p>Seamus Baker Tutor Adelaide U3A Ph: 08 8359 3307 www.adelaideu3a.on.net</p>	<p>Seamus qualified as a teacher in England before moving to Adelaide in 1987. Since then he has enjoyed working as a community educator and counsellor in many South Australian agencies. For 25 years he has practiced mindfulness meditation including 3 years of intensive Zen experience.</p> <p>Over the past 10 years he introduced mindfulness practice into several community health centres for people dealing with difficulties such as anxiety, depression, chronic stress and recovery from illness and trauma. He finds this work fulfilling because it compliments his own spiritual beliefs and practice.</p>
